Overview: Groundswell Fund is the largest funder of the U.S. Reproductive Justice (RJ) movement. For more than a decade, we have enabled foundations and individual donors to increase the impact of their giving by offering a different kind of philanthropic model. Different in *who we are*: A program staff of women of color who come directly out of community and labor organizing and have a combined 70+ years of grassroots organizing and civic engagement experience within communities of color; a board comprised of grassroots leaders shaping strategy alongside funders and donors. Different in *who we support*: Women of color (WOC), low income women, and transgender people who are organizing at the grassroots. Different in *how we support the field*: not just through grants, but also through capacity-building support focused on boosting grassroots power, and funder organizing that lifts up our grantees to a larger audience of funders and donors who can move resources to their work, whether or not these resources come through our doors. Groundswell moves at least 80 percent of the dollars that come in our doors back out to the field.

Since 2003, Groundswell has moved more than \$50 million to the RJ movement in grants and capacity building support to RJ organizations; increased the giving of dozens of national and local foundations; and helped bring thousands of new individual donors into the RJ movement. Today, we support more RJ organizations than any other foundation in the country. Our grantees have moved from trepidation about participating in the political process to mobilizing thousands of voters and even seeing their own members run for office. They have been

instrumental in the passage of more than 250 pro-RJ policies at the state and local level and in blocking many regressive policies, and they have built a growing grassroots base of support for RJ across the U.S. In 2017 we expanded our funding to support multi-issue organizing led by WOC and transgender people of color across other social justice movement sectors, from environmental and economic justice, to immigrant and LGBTQ rights, and on. We also launched a 501c4, Groundswell Action Fund, now the largest c4 fund in the country centering WOC-led c4 work.

Fundraising Vision: Groundswell is committed to cultivating a vibrant and engaged, multiracial and multigenerational community of donors and funders who connect their values to their resources. We believe generosity and intention go hand in hand with the success of the RJ movement and that giving at every level empowers individuals, families and entire communities to create a better world. Groundswell's values around authentic and respectful partnerships undergird our relationships with grantees and donors and funders alike. Our mission to support grantee organizations as they build their grassroots power mirrors our fundraising mission; supporting the power of our donors through learning about RJ, grassroots organizing, the importance of WOC leadership, and collaborating for greater collective impact.
